Examiners Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John A. Merecki 35,812 on 09/13/06 to obviate potential 101 issues.

The application has been amended as follows:

IN THE CLAIMS:

2. Please amend claim 13 as follows:

Claim 13 (Currently Amended)

At line 1, before "solution advisor tool", insert system including a

Claim 19, (Currently Amended)

At line 1, replace "recordable medium" with computer readable medium with executable instructions

Reasons for Allowance

3. Examiner has reviewed and considered Applicants comments as indicated on page 5 of Applicant's response dated 05/24/2006 and withdraws the previous rejection per Applicant's current amendments and cancellation of claims. Claims 13 – 22 are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least the limitations of:

A system using a solution advisor tool for designing an information technology (IT) solution comprising:

“...a fourth knowledge base that manages information regarding sets of all possible configuration that can fulfill a predetermined functions, wherein each set comprises a cloud; and a design interface system for generating the IT solution, comprising:

a system for specifying the solution using a first cloud; a system for replacing the first cloud with a set of second clouds; a system for replacing the a select cloud with at least one configuration; a system for replacing a selected configuration with at least one network unit; and a system for replacing a generic network unit with a specific network unit ”, and as best illustrated by Figure 9, in such a manner as recited in independent claim 13.

“ a system for specifying a generic solution using a cloud selected from a plurality of clouds, where each cloud provides a set of all possible configurations that can fulfill a predetermined function that the cloud represents, and wherein each configuration includes a valid set of network units, and wherein each network unit comprises a set of characteristics ”, and as best illustrated by Figure 9, in such a manner as recited in independent claim 19.

Therefore, all claims 13 – 22 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
